## Saints Sport Sixes League

### MATCH RULES

Team captains are responsible for ensuring that all players within the team abide by the rules of the tournament, the regulations of the Sports Centre, the Astro pitch and maintain the highest standards of sporting behaviour. The success of the competition depends on it!

### Discipline

**The success of this competition depends upon sportsmanlike behaviour of all players. Captains are responsible for the conduct of their team. This means, captains must encourage players to play fair, honest and non-threatening towards opponents. The captain will report any offences to the organizing committee who will deal with each offence and impose an appropriate sanction. If necessary, they will report any serious offences. Improper conduct, whether verbal or physical, will not be tolerated by the Sports Centre or the University. Depending upon the severity of the behaviour, further action could be taken against the player and team such as being removed from the league.**

---

- **As there are no official referee's any controversial decisions have to be agreed by both captains and all the other rules are as per Scottish Football Association Rules.**
- Matches last 40 minutes, 20 minutes each way. There is a time allowance for warming up within the 1-hour booking, but the matches must start and finish within the stated time slot. All players must be off the pitch and everything sanitised by 55 minutes.
- Matches shall be started with the home team (first named team on fixture sheet) kicking off from the centre with the away team kicking off the second half.
- After a goal has been scored the team losing the goal will restart the match again from the centre line.
- If the ball goes out of play from the side-line then the game is restarted by a throw in\*  
**\*Throw in's must now be kicked in until further notice. Opposition players must be a minimum of 2 meters from corners/throws**
- If the ball goes out of play behind a goal then it is either the goalkeeper's ball or it is a corner kick depending on which team last touched the ball.
- **Goalkeepers must throw the ball out by using an under arm throw only. If a goalkeeper kicks the ball out or throws the ball out overarm then a direct free kick will be awarded 2m outside the goal semi-circle. There is no 'set distance' to which the ball cannot travel if the underarm through reaches the halfway line then so be it.**
- If the goalkeeper saves a shot by using his feet and the ball comes back into play then the game shall continue as normal. The goalkeeper may control the ball with his feet inside the semi-circle.
- These are the only occasions where a goalkeeper can use their feet.
- The goalkeeper may not deliberately come outside their semi-circle. If they do a penalty will be awarded to the opposing team.

## Saints Sport Sixes League

- **Pass Back Rule. Once the goalkeeper has thrown the ball out of the semi-circle the ball must come into contact with 2 outfield players before it can be passed back to the goalkeeper. A direct free kick 2m outside the circle will result if the ball is passed back directly to the goalkeeper from their throw out.**
- The awarding of a free kick to the defending team will penalise any attacking player encroaching into the semi-circle deliberately.
- An attacking player encroaching into the semi-circle through their momentum (after shooting from outside the box) will not be penalised.
- Any defending players encroaching into their own semi-circle **deliberately** will be penalised by a penalty kick being awarded to the attacking team.
- Any defending player encroaching into their own semi-circle through his momentum (cannot stop after making a tackle), will not be penalised.
- In any dead ball situation, the defending team must be at least 2 meters away from the ball. If an offence takes place within 2m of the semi-circle the ball shall be placed 2m away from the semi-circle and the defending team will be allowed to stand on the line of the circle.
- **There is no slide tackling. Any slide tackle will result in a direct free kick.**
- Substitutions can take place as often as the team requires so long as the player coming off has left the field of play before the substitute coming on enters the field of play.
- **No blades or metal studs are permitted on the astro pitch. Any players found wearing inappropriate footwear will be asked to leave the field of play as will players with no footwear.**
- We expect the captain of the team to communicate as early as possible if they will not be able to field a team. Efforts will be made to reschedule if this notice is given in plenty of time. However, if a rescheduled match cannot be accommodated the team will forfeit 5-0.
